eCampusUSA™ Emergency Alert System helps you prepare for a worst case scenario… providing a way to send emergency text messages and other notifications to the smartphone of one or more recipients–and receive their replies.

Features

- **Broadcast List**. Prepare, add, and group the list of recipients in advance to send messages quickly in the event of an emergency.

- **Police and First Responders.** Add the names, cell numbers, and titles of those assigned to protect your school.

- **Emergency Drills.** Check the readiness of staff.

- **Custom Settings**. Control who has access to the Alert Broadcast List to send Alerts. Any authorized user can log in to monitor conversations as they occur.

- **Custom Alert Messages**. Select all, or one or more recipient(s) on the Broadcast List, type in your message and send.

- **Two-Way Messaging.** Broadcast text messages and receive replies in real-time.

- **Alert Log**. Provides a history of the event, including messages sent and received which are downloadable to a spreadsheet for a permanent record.

- **Save Emergency Documents**. Store your: emergency plans, floor plans, evacuation plans, etc.

- **Additional Monthly Fee**. Available to schools currently subscribed to eCampusUSA™ web application for an additional fee. Contact us for a quote.
